

Dear Friend,

I am raising money for myTEAM TRIUMPH – an inspiring 501c3 non-profit human services organization that gives hope to many individuals with physical disabilities throughout Wisconsin. They accomplish this by pairing individuals with disabilities (called “Captains”) with able-bodied athletes (called “Angels”). Together, they race in endurance events around the state; Captains provide the inspiration, while Angels provide the physicality needed to get to the finish line!

Did you know there are 40-50 million people with physical disabilities in the U.S. yet only 1 in 10 physically challenged people have the opportunity to participate in sports. There is a huge population of people who aren’t able to go for a run, bike ride, or feel the thrill of crossing the finish line that so many of us enjoy. But it’s not because they lack ambition, desire, or skill. They only lack the support and funding to get the resources they need to succeed.

Adaptive sports equipment like running chairs, bike trailers and boats can cost up to \$5,000 each and insurance typically does not cover these expenses. Just like many of us, these challenged athletes want to participate in athletics, but they face a major obstacle. myTEAM TRIUMPH is changing this reality by helping people of all ages, ethnicities, and disabilities throughout Wisconsin realize their dreams. Still, we need your support to get even more challenged athletes to the finish line.

I invite you to partner with me to help support the myTEAM TRIUMPH Wisconsin mission to improve the health and wellbeing of individuals with disabilities. Give the gift of inclusion and help get challenged athletes off the sidelines – and into the race.

Thank you for your support!
